## SHIP BROKERAGE

### Our niche

We are a fast growing ship brokerage company that oversees the handling, buying and selling of new ships and used ships, scrap vessels, demolitions, survey of vessels; chartering of vessels, towage, projects handling, ship registrations, ship insurance, consultancy.

As specialist intermediaries, we negotiate between the buyers and sellers on how best clients could purchase and pay in installment. As brokers to European ship owners and charterers, we have an in-depth knowledge of regional and international markets.

We communicate opportunities and market trends with ship owners, report on sales, value vessels and calculate freight earnings, advise on finance and try to find ships for specific employment opportunities.

## SHIP BROKERAGE

### Service handling:

Sale and purchase: we sell and purchase new and old vessels, marine engines and marine equipment, drilling and dredging equipments.

Dry cargo brokering: we are specialist in the chartering of bulk carriers. We act on behalf ship owners and charterers. We maintain large databases of vessels positions, cargoes and rates and pay close attention to the direction of the markets so that we could advise clients accurately on how to maximize profits and minimize exposure to risk.
